

Gilbane Rising Contractors Program

Session Three Winning Work

April 19, 2022

Welcome!

Just a couple of housekeeping items before we get started.

Your Zoom Name:

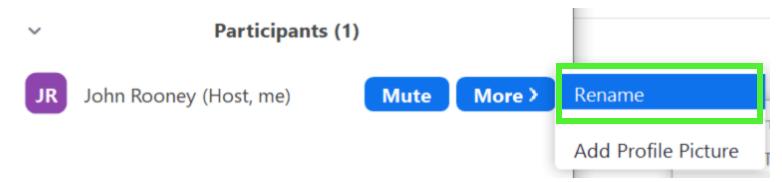

Please "rename" yourself using the following convention:

Your State_Your Name_Your Company

For example: NY_John Rooney_Gilbane

Click the participants tab, then "more" next to your name. Click Rename.

Regions:

NY (New York)
MARO (Mid-Atlantic/DC)
SE (Southeast/Florida
OH (Cleveland/Columbus)
MW (Chicago and Milwaukee)

Ground Rules & Expectations for this Zoom Session

This one-hour session will be recorded.

Ask questions in the chat or verbally in breakout sessions.

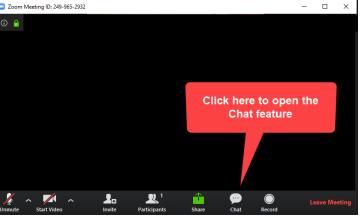

For the best viewing experience, select **Gallery View** in upper right-hand corner.

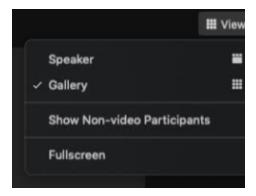

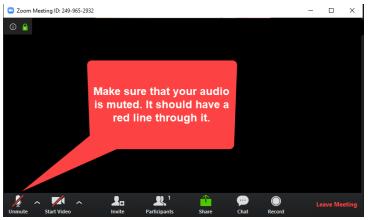

You can **expand/contract** the viewing windows by sliding the handle between panels.

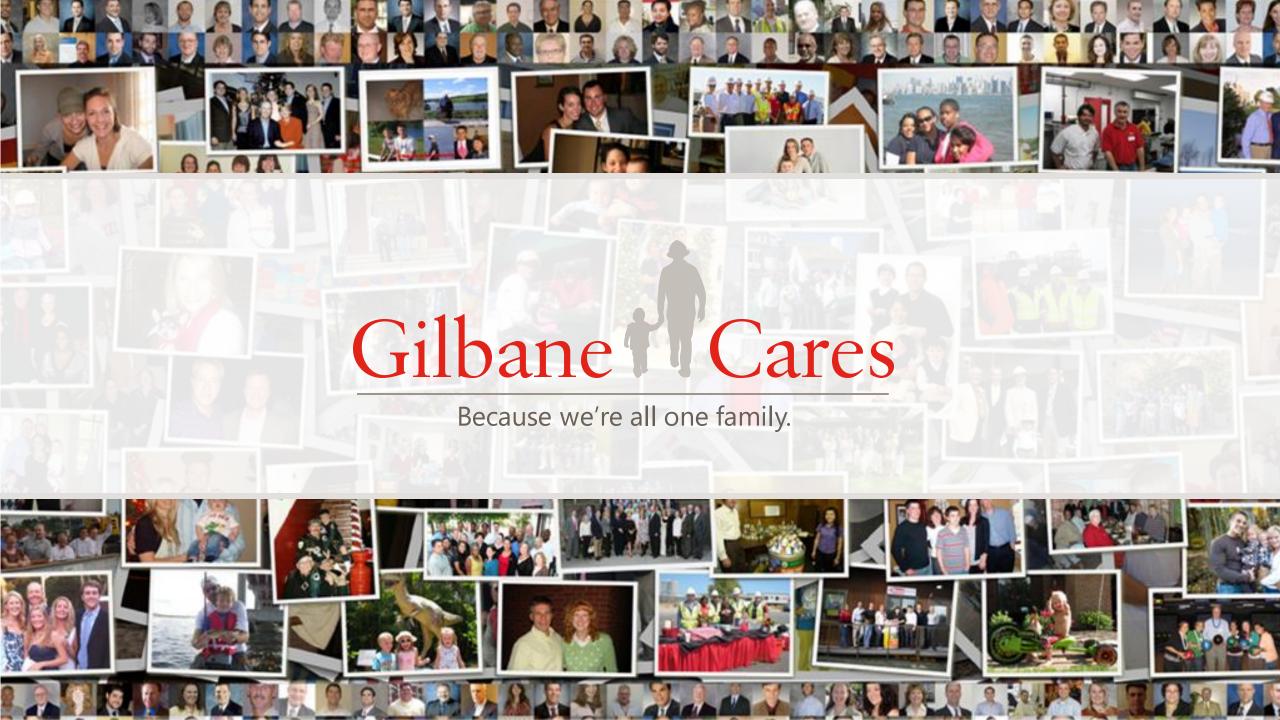

Please stay on mute during initial presentation.

Introductions

James Hancik
Support Operations Manager
JHancik@GilbaneCo.com

Stephanie Mueller Chief Purchasing Agent SMueller@GilbaneCo.com

Three Key Takeaways

- 1. Always start with the basics when estimating a project (check document list, confirm every drawing scale, identify match lines and know the project requirements (labor status, tax status, insurance approach, schedule, etc.)
- 2. Be proactive in obtaining and reviewing bid information. Depending on the project, there can be a lot of documents to review, or detailed information requested at bid time.
- 3. Ask for help early. If you need help with a prequal, or how to fill out a bid form, or have any technical questions, don't wait until the last minute.

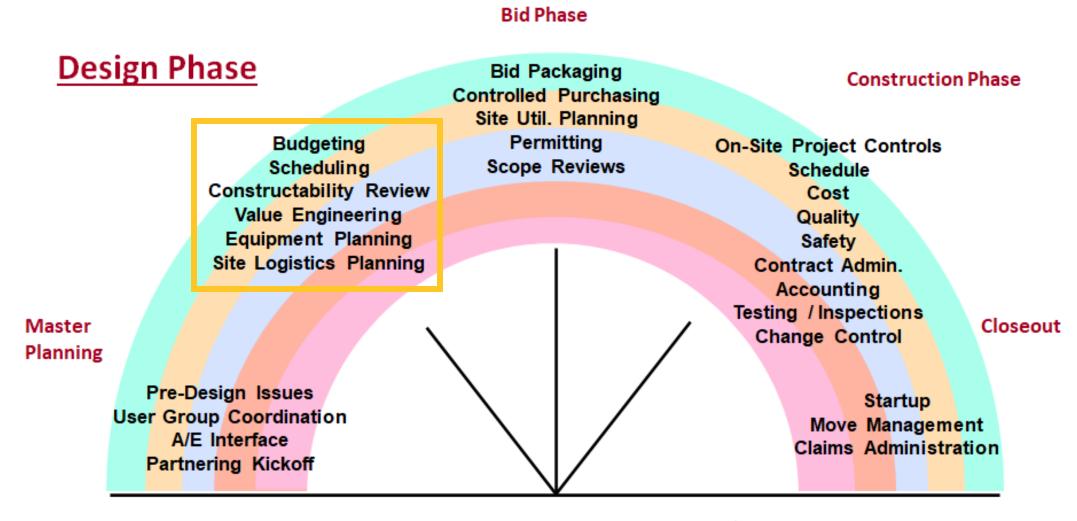

Three Things to Avoid

- 1. Do not submit an estimate or a bid that is not linked to a project schedule.
- 2. Submitting incomplete bids. Gives the appearance that you didn't read the scopes of work or understood the request.
- 3. Do not feel pressured to bid every opportunity (develop a Go / No-Go decision process to identify the right opportunities for your company)

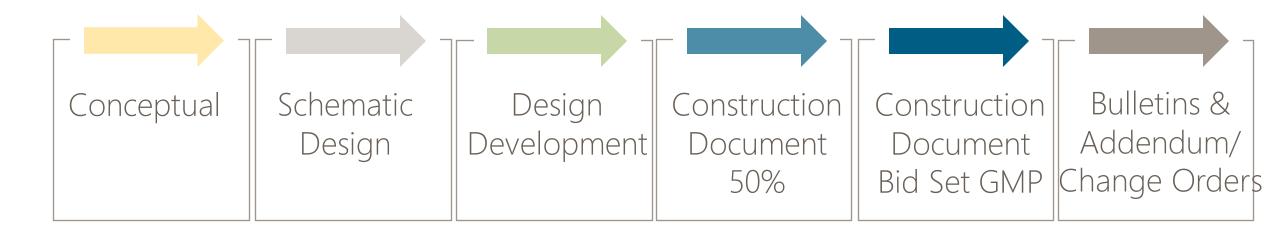

Project Lifecycle – Design/Budgeting Phase

Estimating's Primary Role is in **Design Phase**

Design Phase Estimating Milestones

How CMs Estimate

- Depending on contract and opportunity, GCs may provide budget estimates to clients through all design phases
- Regardless of design phase/progress, GCs are expected to provide full GMP (guarantee maximum price) pricing of the design intent
- Track scope changes/VE items with each estimate presented
- GMP or last estimate leads into bid and buy outs

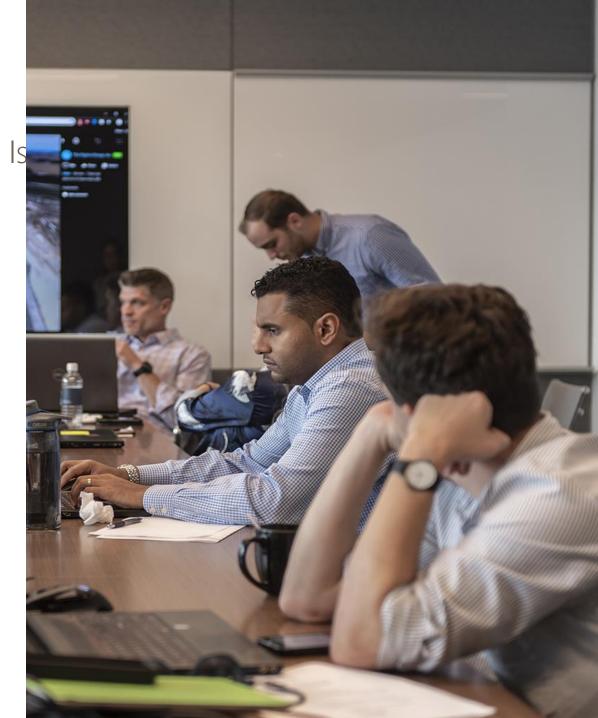

Why Should Subcontractors Get Involved in the Estimating Phase?

- Latest Market Input on Labor and Commodities
- Project Specific Cost Drivers
- Budgeting at Different Design Phase
- Requires "Filling in the Gaps" Based on Experience
- Extremely Helpful to GC's and Invaluable Input
- Early Insight on the Project Stay Ahead of the Pack
- Fosters Relationships that Help with Future Work

Foundations of Estimating

- Check Document Set Did You Receive What Is Listed/Expected
- Check Drawing Revision Dates
- Check Scale on Every Drawing
- Pay Attention to Match Lines
- Project Requirements
 - Labor Requirements
 - Tax Status
 - Type of Insurance Requirements
 - Phased Project
 - Schedule
- Start with a Quick Page Turn

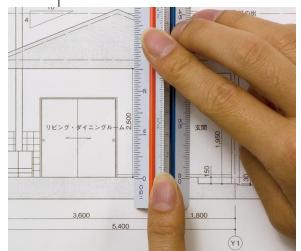

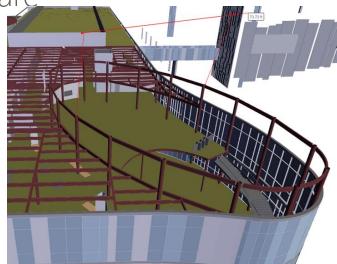

Estimating Tools

- Traditional Scale/Wheel
- Bluebeam
- On Screen Takeoff
- Revit / BIM360 / Autodesk (Assemble)
- Estimating Programs: Timberline, CostX, Beck Destini Estimator

Specialized Trade Software

Know Your Project Schedule!

- Time of Year/Season
 - Example: Winter Work Provisions Concrete
- Availability of Labor
- Long Lead Times for Material
- Escalation
 - How Far in the Future is the Project Expected to Begin?
 - What is the Overall Duration of the Project?
 - Is the Project Being Built in Phases?

Preparing Your Estimate

- Meet with CM first to ensure your assumptions align time management!
 - Leverage your Gilbane Mentor!
- Be aware and sensitive if an NDA is required
- List qualifications and exclusions
- Understand any breakout values needed
 - CM may request more detail/breakouts for an estimate v. bid
- Find creative ways to add value to the CM
 - Value Engineering
 - Ideas/Concerns on project schedule driving cost
 - · Identify your diverse certification status on your submission material

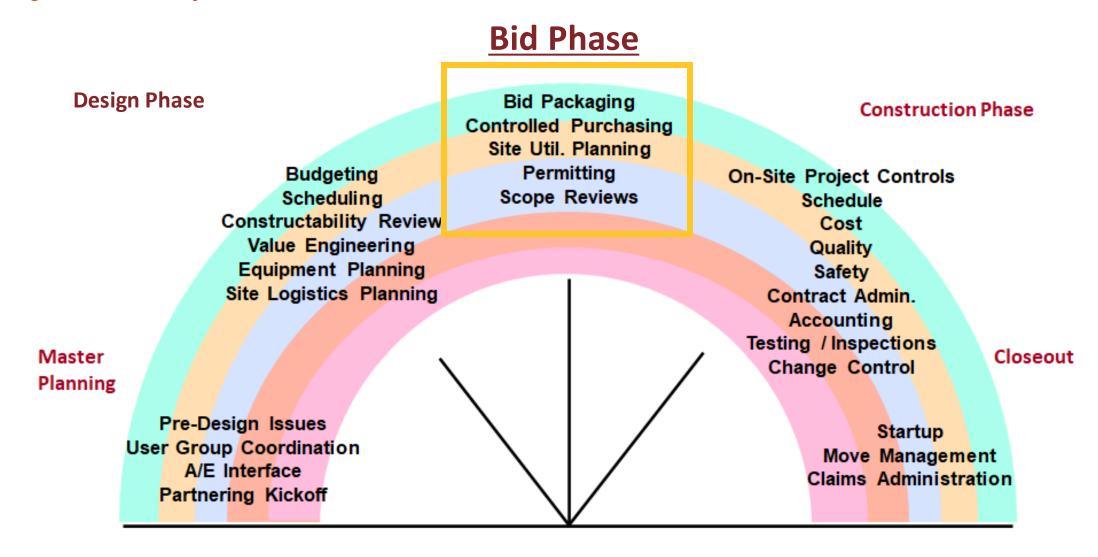

Use Historic Data To Your Advantage!

- Track budgets and projects
- Use as Historic Data to reference
- Split into market segments: Office Fit Out vs. Hospital vs. Residential work
- Use as benchmarking metrics to check your numbers

Project #	NT-0052-B01	WT-0022-B01	EL-0042-B01	ST-0014-B01	NE-0013-B01

Project Lifecycle – Bid Phase

Procurement Process

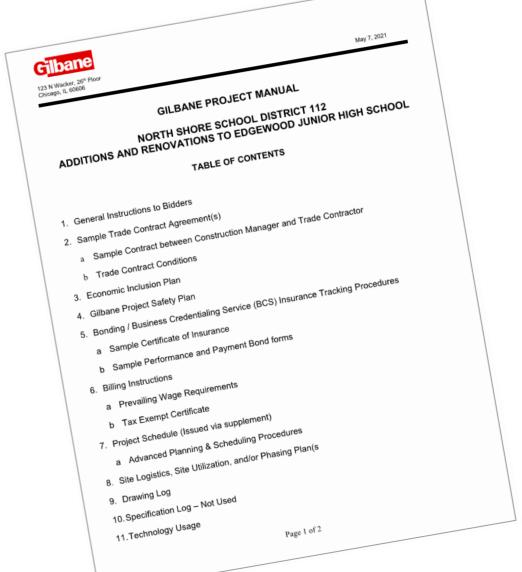

What to Expect - Procurement Documents

- Drawings
- Specifications
- Proposal Forms
- Project Manual (Front Ends)
 - General Instructions to Bidders
 - Economic Inclusion Plan
 - Project Safety Plan
 - Schedule or Milestones
 - Site Logistics and Phasing
 - Sample Trade Agreement / Terms
 - Insurance requirements
 - Billing procedures
 - Building Information Modeling Plan
 - Software / Technology Requirements
 - Other project or state specific information

What to Expect – Proposal Form

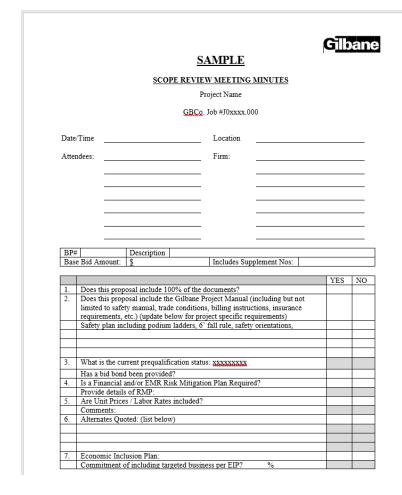

- Bid Amount
- Bid Type/Project Delivery Method
 - GMP
 - Lump Sum
 - Design Assist
- Unit Rates
- Labor Rates
- Allowances
- Alternates
- Breakdown
- Specific Scope of Work
- Exclusions
- Certifications

How Scope Review Meetings are Conducted

- Review and confirm understanding of:
 - Bid amount
 - Alternates / any voluntary alternates
 - Specific scope of work
 - Project schedule
 - Logistics
 - Workforce
 - Material availability
 - Lead times
 - Economic inclusion commitments
 - Terms and conditions

9. Allowances Included? (list below) 10. Bidder agrees to execute the standard Gilbane Trade Contract Agreement without exceptions or alterations? 11. Does this proposal include the milestone schedule dates? 12. Does proposal include all insurance premiums and coverages required per the project's insurance requirements? 13. Does the proposal include all insurance premiums and coverages required per the project is insurance requirements? 14. Does the proposal include all applicable taxes required and exclude any taxes as allowed for the project. 15. Have all costs for hoisting, scaffolding, lifting, etc., as required for your scope of work been included in the proposal amount? 16. Does proposal include all overtime, shift time, etc., for any cut-ins, cut-overs, etc., as required for your scope of work, in order to avoid interferences with Owner and existing building operations? 18. Does bid contain any qualifications, exceptions, or exclusions such as work schedule, availability of material, accessibility of site, etc.? If so provide explanation. 19. Comments concerning deliveries, shop drawings, labor availability, security concerns, labor contract expirations, etc., that could effect available materials or manpower required in order to meet the schedule? If so provide explanation. 20. Provide information on bidders proposed field organization (office contacts / field contacts / responsibilities)				
10. Bidder agrees to execute the standard Gilbane Trade Contract Agreement without exceptions or alterations? 11. Does this proposal include the milestone schedule dates? 12. Does Proposal include all insurance premiums and coverages required per the project's insurance requirements? 13. Does the proposal include all insurance premiums and exclude any taxes as allowed for the project. 14. Does the proposal include all applicable taxes required and exclude any taxes as allowed for the project. 15. Have all costs for hoisting, scaffolding, lifting, etc., as required for your scope of work been included in the proposal amount? 16. Does proposal include all overtime, shift time, etc., as required to meet the schedule? 17. Does proposal include overtime, shift time, etc., for any cut-ins, cut-overs, etc., as required for your scope of work, in order to avoid interferences with Owner and existing building operations? 18. Does bid contain any qualifications, exceptions, or exclusions such as work schedule, availability of material, accessibility of site, etc.? If go provide explanation. 19. Comments concerning deliveries, shop drawings, labor availability, security concerns, labor contract expirations, etc., that could effect available materials or manpower required in order to meet the schedule? If so provide explanation. 20. Provide information on bidders proposed field organization (office contacts / field contacts / responsibilities)	8.	Proposed major subcontractors or suppliers:		
10. Bidder agrees to execute the standard Gilbane Trade Contract Agreement without exceptions or alterations? 11. Does this proposal include the milestone schedule dates? 12. Does Proposal include the cost for performance and payment bonds? 13. Does the proposal include all insurance premiums and coverages required per the project's insurance requirements? 14. Does the proposal include all applicable taxes required and exclude any taxes as allowed for the project. 15. Have all costs for hoisting, scaffolding, lifting, etc., as required for your scope of work been included in the proposal amount? 16. Does proposal include all overtime, shift time, etc., for any cut-ins, cut-overs, etc., as required for your scope of work of your scope of work in order to avoid interferences with Owner and existing building operations? 18. Does bid contain any qualifications, exceptions, or exclusions such as work schedule, availability of material, accessibility of site, etc.? If so provide explanation. 19. Comments concerning deliveries, shop drawings, labor availability, security concerns, labor contract expirations, etc., that could effect available materials or manpower required in order to meet the schedule? Tips During Bidding

- Don't procrastinate
 - Make sure you can access and download the drawings right away
- Ask questions
 - The only bad question is the one that wasn't asked
- Attend the site walk if one is available
- Review project specific terms
 - Prevailing wage requirements
 - Insurance programs
 - Bonding requirements
 - Liquidated damages

- Provide clarifications (if allowed)
- Bidding at sub-tier
 - How is the prime bidder expectation information (lump sum vs unit rates)
 - Demonstrate your value to the prime subcontractor
- Know which format (or platform) the bid will be distributed/submitted.
 - iBidPro how-to on submitting bid is on resources link
- Be responsive!
 - Don't get discouraged

What to Expect From Gilbane Team

- Integrity of the process
 - Same information is provided to all bidders
 - Confidentiality of your bid
- Honest feedback
 - Can't provide everything (i.e. we won't tell you what the other bids were)
 - Can provide big picture information on where your bid fell
 - If your scope was complete, or too much
 - Helps to strengthen future bids
- Help partner with larger firms if interested or providing info on suppliers / sub-tiers pricing the documents.
